Governor: John Cox (R) ★★★★★ (Yellow stars indicate ratings from Craig Huey)

Lt. Governor - Ed Hernandez- STRATEGIC VOTE!.. Currently a Senator..if we can get him out of his Senate seat maybe we can fill it with someone else...more moderate, may cause the least harm.

Do NOT vote for ELENI KOUNALAKIS..She is a Total Socialist!...A probable Governor or Presidential candidate in the future...it would be best to defeat her now!

Secretary of State: Mark Meuser (R) ★★★★★ (OFA) CRITICAL VOTE - to eliminate Election Fraud).

There were approx. 600,000 more votes cast than there were eligible voters. LA County alone had 144% voter registration = there were more "registered" voters than "eligible" voters. Non-citizens (per our California Constitution are NOT eligible to vote!..Yet our Ca. DMV continues to register them in masses...Last month alone, Ca. DMV made 23,000 voter registration "errors". About \$ 1 Million of our tax dollars are being spent to issue all illegals a Ca. Drivers License...which then, automatically registers them to vote...even though it's unconstitutional!

(Illegal family units crossing the border have increased 960% (data from US Customs and Border Patrol (CBP)

Controller: Konstantinos Roditis (R) ★★★★★ ..(OFA) CRITICAL VOTE! ..

Controller has the power to fund or deny programs, ...shall we say, (high-speed rail?)

Betty T. Yee...(opponent) wants to add a whole new layer of taxes on "services"!... \$120 billion = \$240 billion more a year, (as only 1/2 of Californians pay taxes for their "services" (as illegals get them free)

on "information services, finance and insurance and health care, to name a few" Betty Yee

(Dr. visits, hair/nail, accountant, lawyer, child care..and, anything that isn't already taxed!

**** The top 10% in Ca. earned 49% of the income and paid 78% of the tax receipts. (2017)**

Dianne Feinstein STRATEGIC VOTE

Both terrible choices. but Feinstein is 85 years old., and can't live forever!. But, **51-year old Kevin De Leon ...ULTRA LEFT..off the charts!..Author of Sanctuary State Law!..**would be a fresh reinforcement, and we'd Never get rid of him!..as he would be the incumbent, and most incumbents re-win their seat!

Do NOT vote for Kevin De Leon!!! He could be a Vice-Presidential candidate, our first total Socialist! He Must be defeated and stopped from being our next senator for 18 years!

PROPOSITIONS: (says MEASURES SUBMITTED TO THE VOTERS on my ballot).

PROPOSITIONS: These are ALL Definite votes! BOND = BONDAGE BOND = DEBT

YES on 5, 6, and 11 only!.... No on all the rest!

Proposition 6 - YES....."Gas Tax Repeal Initiative" is what the title SHOUD say... (IT WAS PRINTED INCORRECTLY IN BOTH OUR PRACTICE BALLOT AND OUR FINAL BALLOT!...We pay 76.7% tax on our gas...and this can go up anytime without any limits!
Prop 9 has been deleted, so look at the Prop. numbers, and be sure you are voting No on 10, and Yes on 11.

Propositions 1 thru 4 are BONDS!..NO NO NO!!! ... BONDS = BONDAGE.. Always Remember That!...BONDS ARE DEBT! .. 4 of 5

Debt is another way to enslave a nation. Ca. is already \$ 400 BILLION in debt!...With \$ 86.8 Billion Bond "Debt", and \$ 32.2 Billion more expected! = \$ 119 Billion of Bond Debt!.. And since only 1/2 of us in Ca. even pay taxes..We are the ones that would be paying DOUBLE the amount stated! Our Children and grandchildren will be paying for this forever! Also.. BONDS cost us 2x the amount of the price for anything its used for!

#3:....NO..\$ 36 Billion for taxpayers = More Government Control!...because the State will determine which communities are "disadvantaged" since only 50% of us pay taxes...it's double the amount of 17 Billion for us! And most of the bond monies would be for conservancy grants, regional and state parks, and what the state calls "**disadvantaged communities**". Very little is allocated to water storage or infrastructure.

#4: NO... \$ 5.9 Billion to taxpayers!...More Government Control..! "Childrens' Hospitals"...Don't succumb! again..only 1/2 of us pay taxes!... BOND is a four-letter word!..as explained above! We already pay taxes to the UC Hospitals., and they have reserve funds!...Prop 4 money goes to: "qualifying hospitals for "Government-eligible" children...and almost none to any other hospitals! Think about it!...More Government control at our expense! The Government will determine which hospitals, and which children are eligible! Is that what we want?

#7: NO... Voters approved DST in 1949, so they cannot alter Daylight Savings time. We have waaaay more important issues like.. **The middle class is a minority, MS-13 gang members (to the point that ...in some cities...police are telling us they are NOT ABLE to protect their citizens!...** This proposition **would also allow them to make future changes!** NO...more waste of time!..

#10: NO NO NO!...This is about **expanding the power of government to "CONTROL"** private property owners! It's billed as a "solution to the homeless crisis", but it is NOT! It would repeal the Costa-Hawkins Rental Housing Act, which protects property owners from rent-control ordinances!
